

JORDAN CRUICKSHANK

I am an engineering graduate, currently studying a masters in applied computing, excited to begin a long and successful career.

I am highly ambitious, a fast learner as well as a logical and pragmatic problem solver.

In addition to my studies, I have worked in a variety of roles across various industries, which have given me significant experience in professional decorum, work-ethic and interpersonal and soft skills. I'm adaptable, friendly and believe that I would be a good fit and positive addition to any team.

EDUCATION

University of Dundee: 2020 - 2021

MSc Applied Computing

Key Modules:

- | | |
|-----------------------|----------------------------------|
| -Software Development | -Software Engineering |
| -Database Systems | -Advanced Programming Techniques |

University of Dundee: 2014 - 2019

BEng (Hons) Mechanical Engineering with Renewables. – Upper Second Class Honours

- Honours Thesis – “Designing Wind Turbines for use in Regions of Complex Terrain”

Key Modules:

- | | |
|-----------------------------|----------------------|
| -Computer Aided Engineering | -Thermodynamics |
| -Solid Mechanics | -Material Properties |

Monifieth High School: 2005 – 2011

- Scottish Higher's: Mathematics (A), Physics (C), Chemistry (B), Human Biology (A), English (B)

SKILLS

- **Problem Solving:** I like to look at a problem and analyse all relevant information, allowing me to develop efficient solutions to my best ability.
- **Using Software/coding:** I have experience using various engineering software as well as Microsoft Excel. In my masters so far, I have learned the fundamentals of c++ and database management systems. I am confident in my ability to adapt my knowledge to other software and enjoy the challenges in doing so.
- **Teamwork:** I have always been an excellent team operator. I am an honest but respectful individual as well as an excellent listener and appreciate the value of sharing knowledge to achieve a common goal.

- **Leadership:** I believe I possess the qualities to become a fantastic leader. I communicate clearly and concisely in highly tense and time constrained situations. I am always courteous and thoughtful within a working environment, valuing the opinions of the team I am leading.
- **Relationship Building:** I am a conscientious and punctual individual who easily gets on well with people and forms fantastic working and personal relationships. I have made long lasting friendships from all aspects of life including jobs, education and sports.
- **Communication:** Constant past employment in a customer service environment has helped me learn the importance of this skill and develop it.

About Me

- I am an avid musician, playing bass and guitar in a few bands over the year. This has given me an opportunity to travel the length and breadth of the UK. I also record, mix and master music and edit videos.
- I enjoy watching and playing football, pool and other sports.
- I enjoy travelling and take every opportunity to visit places and experience different cultures. Potential for travel and meeting new people with similar interests is one of the most exciting benefits of attaining a position as a graduate engineer.
- I also spend a lot of my free time gaming, watching films or attending events.
- I genuinely enjoy learning new things and relish a challenge, both in my personal and work-life.

WORK EXPERIENCE

Nov 2019 – Aug 2020	Shift Leader, <i>Subway, Edinburgh</i>
Jan 2017 – Sep 2018	Bar Staff, <i>Church, Dundee.</i>
Nov 2016 – Mar 2017	Employee, <i>8th Base Promotions, Dundee</i>
Nov 2015 – Sep 2017	Shop Assistant, <i>USC, Dundee</i>
July 2015 – Nov 2015	Bar Staff, <i>Adecco, Dundee</i>
Apr 2014 – Sep 2014	PR/Bar Staff, <i>Underground Night Club, Aberdeen</i>
Sep 2013 – Apr 2014	Bar Staff, <i>Fort Hotel, Dundee</i>
Jul 2012 – Jan 2013	Waiting Staff, <i>The Bengal Indian Restaurant, Dundee</i>
Sep 2010 – Sep 2012	Coach, <i>Kirkcaldy Ice Skating Club</i>
